EQUINE CANADA STATEMENT OF PRINCIPLE

Equine Canada (EC), the national equestrian federation of Canada, supports adherence to the humane treatment of horses in all activities under its jurisdiction. EC is committed to:

- Upholding the welfare of all horses, regardless of value, as a primary consideration in all activities.
- Requiring that horses be treated with kindness, respect and the compassion, and that they never be subjected to mistreatment.
- Ensuring that owners, trainers and exhibitors or their agents, use responsible care in the handling, treatment and transportation of their own horses as well as horses placed in their care for any purpose.
- Providing for the continuous well-being of horses by encouraging routine inspection and consultation with health care professionals and competition officials to achieve the highest possible standards of nutrition, health, comfort, and safety as a matter of standard operating procedure.
- Continuing to support scientific studies on equine health and welfare.
- Requiring owners, trainers and exhibitors to know and follow their sanctioning organization’s rules, and to work within industry regulations in all equestrian competition.
- Reviewing, revising and developing competition rules and regulations that protect the welfare of the horses

The standard by which conduct or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures, would determine to be neither cruel, abusive nor inhumane.
